

**NOTICE TO OFFENDERS**

**September 9, 2010**

During the course of conversions regarding telephone funds we have been made aware that there was an error in our system recently. That error caused funds that were received over the last couple of days to not upload to the DOC phone system. The problem is being worked on and it is anticipated that it will be corrected by Friday, September 10, 2010. Sorry for the inconvenience.
